MEMORANDUM FOR: Chairman, Guided Missile Intelligence
Committee (GMIC)

FROM : Chairman, Ad Hoc Subcommittee for
Guidance to REG

SUBJECT : Assignment of Priorities [REDACTED]

25X1C

25X1C

25X1A 1. The Ad Hoc Subcommittee for Guidance to REG has re-examined the priorities assigned to the PB 908 group by the Scientific Estimates Committee (SEC) which were later reaffirmed by the Guided Missile Intelligence Committee (GMIC). This was done at the request of [REDACTED] in a memorandum to Chairman, GMIC, which also suggested changes in priorities on particular sources. An "Operational Survey" [REDACTED] was attached to the REG memorandum which provided additional information [REDACTED]

25X1C

2. On the basis of the new information contained in the operational survey, the suggestions of REG regarding the priorities assigned to particular sources, and a re-examination of the original justification of the priorities, the Subcommittee has reached agreement on a new list of priority assignments [REDACTED]. The new list is being forwarded to GMIC for consideration and is attached to this memorandum as Attachment "A". Attachment "B" is a proposed letter of explanation and transmittal of the new list of priorities to REG.

25X1C

3. The GMIC has also been requested to re-examine and revise these priority assignments at the earliest opportunity following the return of the first knowledgeable sources [REDACTED]. With the approval of GMIC, the Ad Hoc Subcommittee will undertake this responsibility when such a revision is required.
